POLICY ON INCLEMENT WEATHER FOR

THE TOM FORSYTH MEMORIAL ARENA AND BURNS LAKE CURLING RINK

1. Up to -25C, the arena will operate as usual.
2. When the temperature reaches -25C, user groups may notify the Arena Foreman or his designate of their intention to cancel regularly scheduled ice time. It is expected that this decision will be made, and the Arena Foreman or his designate duly notified, at least 6 hours in advance of the beginning of the scheduled ice time. The purpose of this notice is to give the user group an opportunity to notify its members, and to give the Arena Foreman or his designate an opportunity to change duty schedules as necessary.

Between -25C and -40C, the Arena will continue to operate, and events will not be cancelled unless the Arena Foreman or his designate is notified by the User Group wishing to cancel. It is the responsibility of the user group to notify its members of the cancellation of an event due to cold weather.

3. When the temperature reaches -40C, the Arena will be closed to all user groups. Announcements of such a closure will be made on the radio and at the schools on days when school is in session.
4. In case of a disagreement about the actual temperature, the temperature reported by the Burns Lake weather office, at the time the Arena Foreman or his designate is advised of the user group's intention to cancel regularly scheduled ice time, will be the official temperature used.
5. These guidelines notwithstanding, the Arena Foreman has the authority to suspend the operation of the Arena if, in his opinion, weather conditions are such that continued operation would constitute a risk to the health or safety of user groups or spectators.
